When the Flea Cannot Flee

A flea—or fleas—will flee from a dirty dog to your clean dog without compunction. But if you bathe your dog with Sergeant's Skip-Flea Soap the said flea—or fleas—can flee no more. It—or they—cannot flee when dead. And Sergeant's Skip-Flea Soap kills them all dead.

Brothing & Robertson, well-known analytical chemists, write as follows:

"We have witnessed the application of Sergeant's Skip-Flea Soap on a flea infested dog. We found every flea dead, the bottom of the bath tub brown with dead fleas and many floating on top. All dead. It is perfectly harmless to the most delicate skin."

Wash your dog at least twice a week, in summer, with Sergeant's Skip-Flea Soap and make him a fit companion for your children.

Sergeant's Skip-Flea Soap is far superior to "Blue Ointment," "Powdered Calomel," Larkspur, or anything else, for ridding humans of any vermin, including pediculi pubis. Wash your children's head with it once every week and use it for your own cleansing bath and shampoo. Positively a safe, certain and quick relief for bites and itches caused by sand fleas, wood punkies, chiggers, hot flies, mosquitoes and other pests.

Get Sergeant's Skip-Flea Soap at Drug, Department and Sporting Goods Stores and Pet Shops. It's 25c the cake. If your dealer cannot supply you, write Polk Miller Drug Company, Inc., Richmond, Va., enclosing 25c and a cake will be sent you postpaid—Adv.

NEW YORK STILL LEADING FOREIGN COMMERCE PORT

However, New Orleans, Crows, Out Philadelphia for Second-Place Honors.

By Associated Press.

WASHINGTON, Sept. 23.—New Orleans supplanted Philadelphia as the second most important port of the country in the handling of foreign commerce, while New York easily maintained first place and increased her proportion of the country's total during the fiscal year ending June 30, according to statistics of the Department of Commerce just published. The New Orleans customs district during the last three years has been

growing in importance, and during the fiscal year of 1919 passed the Philadelphia district by almost \$800,000, with a total of \$625,391,913 in imports and exports.

Foreign commerce on the Gulf Coast showed a large increase for the year, passing the billion dollar mark for the first time. The total imports and exports for the customs district of Florida, with headquarters port at Tampa, Galveston, Mobile, New Orleans and Sabine, with headquarters at Port Arthur, amounted to \$1,131,125,000. That was approximately \$271,000,000 more than in 1918 and \$226,000,000 more than in 1917.

France Checks U. S. L.

PARIS, Sept. 23.—After giving normal prices of staple foodstuffs for the current week and comparative tables showing those of July 31, when the prices were in effect, the official Journal today adds that the upward movement of prices has undergone an almost general check and that the cost of foodstuffs of prime necessity has been diminished throughout the country.

Keeping Fit

BY DR. SAMUEL HAMILTON.

THE charm of a Lamp cannot be denied.
How many times have you—in visiting the home of some friend—noticed how a room, which otherwise would have been quite ordinary, was made beautiful and distinctive by the addition of an appropriate lamp.
There is nothing which will add more to your home in making it "good looking" and providing the original touch that makes a "house" a "home."
And then we come to the question of utility. No matter what it is you are doing—reading, writing, sewing, knitting—if you have either a floor lamp or a table lamp you can always have the proper light.

It is because of the war that the perfect physical man has all at once become the idol of the world. You can make of yourself, even rather late in life, almost anything you like. You are not going to get fit in one day, one month, or, perhaps, a year, unless you take enough outdoor exercise to keep the circulation going and practise the athlete's first principle—to keep the system clean. He does not give his body a chance to absorb poisons. He not only takes his cold shower, after exercise, but he knows a cleansing of the intestines is important, and he takes occasionally a good regulator and liver cleanser, such as a dose of castor oil, or, what is much better, a tiny pill made up of May-apple, aloin and jalap, and sold by almost all druggists in the land as Dr. Pierce's Pleasant Pellets.

Keep the kidneys in good order also. Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headaches, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night. Take heed, before too late! Get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package of "Anuric."
